[SSE Evaluation 1-14-14.pdf](#)

;

As requested in EPA's July 3, 2013 letter to the OU-1 Respondents and in accordance with the July 24, 2013 Work Plan that was approved by EPA on July 30, 2013, attached please find an evaluation possible effects of a subsurface smoldering event (SSE) on the integrity of the ROD-Selected Remedy for OU-1. Please do not hesitate to contact us if you have any questions.
